

We are pleased to announce the launch of the

The FSA Classical Guitar Ensemble

For 5th through 8th graders

This ensemble will give students the opportunity to learn the proper technique and form when playing the guitar, how to read rhythm and notation and develop the listening skills necessary to play in a group. Students will need to bring their own guitars (nylon stringed acoustic or student classical guitars) and footstools.

Mr. Joseph Kirkland, the Conductor, received his training in the disciplines of conducting and classical guitar from Georgia Southwestern and Georgia State Universities. He is a multi-instrumentalist and composer. He is certified to teach the Austin Classical Guitar Society

Guitar Curriculum and plans to enter our Ensemble in the Georgia Music Educators Association Guitar Ensemble Competition each year.

The cost to join is \$250 per semester (16 weeks) with a \$20 registration fee. Days and times to be announced. For information contact Melinda Hubbell at mhubbell@fultonscienceacademy.org or (770) 402-2907.
