

AP® Computer Science Principles Summer Assignment 2019

Welcome to AP CSP! I am eagerly anticipating a great year of Computer Science Principles to ensure the best start for everyone next year; I have prepared a summer assignment that reviews basic CSP concepts. I recommend that you spread out the summer assignment. Please do not try to complete it all in the final week of the summer. CSP takes time to process and grasp at a level necessary for success in AP CSP. Remember, AP CSP is a college level course. Taking a college level course in high school is difficult, requires dedication, and is a great investment in your education so prepare yourself and arrive ready to learn.

A list of information about the class can be found by visiting the College Boards website (<https://apstudent.collegeboard.org/apcourse/ap-computer-science-principles>).

Completed work must be done by August 5th; late work will not be accepted.

Have a wonderful summer!

You may contact me by email: aerdem@fultonscienceacademy.org

1- Read

Your summer assignment includes reading the book,
“*Understanding the Digital World: What You Need to Know about Computers, the Internet, Privacy, and Security* by Brian W. Kernighan ”.
